## REED WITHDRAWS FROM MAYOR'S RACE

Democratic City Politics All  
Muddled Up

Much Speculation as to Whom Reed's  
Votes Will Fall in Coming  
City Primary.

VIEWS AROUND CITY HALL.

As the contest narrows down in the Democratic race for the mayoralty nomination May 2 interest increases, and the announcement this morning of the withdrawal of former Mayor Charles Reed gives rise to the keenest speculation as to the beneficiary of his political estate.

Students of the situation are first inquiring why he withdrew; but they cannot get much further than the fact that Colonel Reed wished to withdraw. This is absolutely the truth, but it is also evident that his friends finally consented to his withdrawal, when they found the city hall machine behind his candidacy was disintegrating and his personal popularity was going to be hard put to it to save the situation.

There has been no very general scramble in the direction of any candidate before the primary and it has been freely commented that there is an apparent lethargy. Most of Reed's adherents are going to size up the strength of the other candidates and climb aboard somebody's band wagon. The fellow who can make himself look most like a winner for the next few days, will get the bulk of the Reed vote. That is about the case.

The withdrawal of Colonel Reed leaves the city hall crowd, actually without a candidate as a faction, and puts the party, as far as the eye can see, in the hands of the county machine. At the city hall expressions of affiliation were free and open.

"I am for Davis," said Mayor Yeiser emphatically this morning. "Oh, I don't know what the others here may say, I am simply speaking for myself. Davis was my second choice all along."

"Tom Harrison," promptly spoke up Police Judge Cross, as one who has been nursing a secret to this bosom and is glad to let it go.

"On account of friendship here, I am under obligations that kept me from taking a hand in the fight, but my inclination is to support Harrison. He is the young, energetic man, interested in political affairs, and I would be inconsistent if I did not support the young man, considering the fact that I ran on that platform myself last fall," he said.

Chief Collins curtly declined to be interviewed.

Former Mayor James Lang, who is god-father to the Harrison candidacy, bears a face wreathed in smiles. "Quite a surprise to us," he said, with a naughty twinkle in his eye, when Colonel Reed's withdrawal was mentioned. "We feel sure of winning. We have felt that way all along. Everything is Harrison, so far as I can see."

**Mr. Reed's Statement.**  
Concerning his withdrawal from the race Mr. Reed makes the following public statement:  
"After mature deliberation, and conference with some of my friends, I have decided to withdraw from the

### ALL HAVE RECOVERED.

Four People Injured in Runaway  
Feel No Bad Effects.

Mrs. Ruth McClure and the infant son of Mrs. Lillian Houser, who were severely hurt by being thrown from a buggy on the Benton road Sunday, have so far recovered as to be out of danger, while Mrs. Houser and the little McClure boy are suffering only from bruises and abrasions.

### Helper Almost Loses Arm.

By an almost superhuman effort, Mr. J. L. Lowry, of West Harrison street, a machinist helper in the I. C. shops, saved his arm from being chewed up in machinery at the shops yesterday afternoon. His left arm was caught in one of the big machines and was being slowly drawn in, but he pulled it out by main strength. His elbow was sprained and his arm bruised. The injury was dressed at the hospital and Lowry was sent home.

### WEATHER FORECAST.

### FAIR.

Fair and slightly cooler tonight preceded by showers in east portion. Wednesday fair. Highest temperature yesterday, 68; lowest today, 53.

### OTHER KIDNAPER.

Dover, Del., April 23.—With a warrant charging the supposed kidnapping of young Horace Marvin and with murder detectives today are watching the steamer on the Delaware river on which a suspect is said to have fled, following the action of the grand jury yesterday. Detectives are of the opinion when arrest is made the accused will point out the hiding place of the boy.

### CONFERENCE ON.

Fernie, B. C., April 23.—A conference of miners and mine operators is being held today to bring an end if possible to the coal strike. Both sides are anxious for a settlement.

### ALL DROWN.

Penwater, Mich., April 23.—The steam barge Arcadia, founded off this port with the captain, his wife, and 15 sailors, according to marine advices from Manistee. It is believed all aboard drowned.

### BUCCANEER'S HOARD.

Lisbon, April 23.—Recent earthquakes in northern Portugal have revealed a cave on the coast containing valuable treasures, including old coins of many nations, especially Spanish gold doubloons, jewelry and antique arms, supposed to have been a buccaneer's hoard.

### IN A PICKLE.

Chicago, April 23.—Two men were injured, one seriously, and \$75,000 property loss resulted from fire this morning in the pickle plant of Bunge & Company. Twenty families in adjoining houses were driven to the street.

### NEW YORK FIRES.

New York, April 23.—Four men are dead and three missing and ten firemen were badly injured in a fire on the east side today. Two fire engines were wrecked in a collision with street cars. Two hundred and fifty horses were cremated and a property loss of \$200,000 completed the record of the fires. It is estimated that 300 families were driven from home by flames. The most serious fire destroyed the Dispatch Express company's stables where the men and horses lost their lives.

### FOREST FIRES.

Boston, April 23.—Recent weather has caused forest fires to sweep thinly settled sections of New England, burning for the past 48 hours. Flames have destroyed thousands of dollars worth of timber lands. In this state, and in other New England states damage heavy. Families are homeless in Middleboro because brush fires are getting beyond control.

### GRAIN-MARKET.

### PROMINENT PHYSICIAN.

**WILL ATTEND MEETING.**  
Dr. W. W. Richmond, of Clinton, district counselor of the state medical society, is in the city and will meet with the McCracken County Medical society tonight. The meeting will be held in Dr. B. B. Griffith's office in the Trueheart building.

## NEXT RAILROAD TO METROPOLIS

Will be Louisville and Nashville System

Man, Who Knows, Says Cairo & Thebes Extension Will Come Here to N., C. & St. L.

BIG FOUR SURVEYORS BUSY.

"The next railroad into Metropolis will be an extension of the Louisville & Nashville," said a prominent railroad man yesterday. "That line between Cairo and Thebes is part of the L. & N. system," he continued, "although it is being built under a different name, and I know what I am talking about when I say that the Cairo and Thebes extension, now under way, is to continue from Cairo to Metropolis. What that will mean for Paducah you can conjecture. No railroad is going to Metropolis and jump off. The Nashville, Chattanooga & St. Louis is becoming a factor in the territory it traverses and an important part of the L. & N. system. Northern connection over its own lines would be of great advantage to the Nashville, Chattanooga & St. Louis and would serve to make it even more important as a feeder to the whole system."

This statement was drawn out in connection with the report that Big Four surveyors have started surveying from Stone Fort, 50 miles above Metropolis, in the direction of the Ohio river. It is also reported at Metropolis that the Burlington surveyors are driving grade stakes only eight miles above Metropolis.

### JOE FRANKS IS ELECTED TREASURER OF HOME TOWN.

Mr. Nick Franks, the well known barber of the Wes Troutman shop, received news today of his brother's election as city treasurer in his home town, Shawneetown, Ill. His brother, Joe Franks, led the ticket with a majority of 54 votes. He visits Paducah each summer and is well known here.

### NEW BANK BUILDING.

National State Bank of Metropolis Is Moving Into Its Home.

One of the finest bank buildings in western Illinois describes the new home of the National State Bank of Metropolis which is moving into its new two-story structure built especially for the institution on Ferry street.

## HEAD IS INJURED STRIKING STREET

John Cobb, Newspaper Man,  
Collides With Projecting  
Timber and is Temporarily  
Rendered Unconscious

IS CONFINED TO HIS HOME.

Mr. John Cobb, a newspaper reporter, and son of Mrs. Marie Cobb of 616 Broadway, was injured this morning at Seventh street and Broadway in a collision with a piece of lumber protruding from a wagon. He was unconscious for some time, but will recover in a few days.

Mr. Cobb started from his home to catch the Cairo-Paducah accommodation train at Eleventh street and Broadway. It was raining and his hat was pulled over his eyes. At the Seventh street crossing he saw a wagon and stopped until it passed, but did not perceive a piece of timber protruding from the rear end. He started ahead on a run and struck the heavy timber with his nose and mouth.

He was knocked backward and alighted on the back of his head. Mr. Arch Sutherland, of the Cochran Shoe company, ran to his assistance and with the driver conveyed the young man home. He was unconscious but soon regained his senses, after being placed in bed. Dr. J. B. Brooks was called and found his upper lip cut, his nose bruised and the back of his head bruised and cut.

## Chance For City of Paducah To Secure A Big Radiator Plant to Locate Here

Promoter Owns Patent on Process For Utilizing Scrap Iron to Produce Serviceable Metal, Saving Cost

### PROPOSES PLAN TO PROCEED.

Paducah has an opportunity to secure the headquarters of what will prove a trust, but for the purpose of fighting one of the biggest trusts in the county—the steam radiator trust. If the proposition offered by Mr. T. Holland, of Chicago, is accepted, it will mean a plant worth fully \$100,000 will be installed employing about 500 men; will mean a great increase in freight shipments into and out of Paducah and from superficial observations seems a plausible plan for an enormous industry with no limitation to expansion.

Mr. Holland owns the patent rights for a process to convert into serviceable iron the cheapest of scrap iron, by using half pig iron and a patent cupola plant. He finds that he can secure his pig iron from Alabama at \$2 per ton freight rates, where it costs him \$4 per ton in Warsaw, Ind., where he has operated such a plant for two years with great success. He also finds that he can save 60 per cent in the cost of coke, his fuel. Because of this and the fact that the cheapest rates can be secured by river transportation for scrap iron, Paducah is an admirable center for headquarters. This is why he says he wishes to locate here and does not ask a bonus to come. He merely asks local capital to take stock.

**Makes Radiators.**  
"We make out of our iron the best grade of steam radiators and hot

## POPULAR TALKS WILL BE RESUMED

Miss Aline Bagby will give a lecture to the children in the lecture room of the library next Saturday morning at 10 o'clock. Her subject will be "Shakespeare and His Days." Miss Bagby succeeds in interesting the children in these talks and the room usually is well filled by the children whenever a lecture is announced.

air and steam heating plants", Mr. Holland explained. "We can make them with our iron a great deal cheaper than the trust because our iron costs so little, yet is as good. The secret lies in the patent plant. I propose to organize a company here and secure from \$25,000 to \$50,000 capital and give over my Warsaw, Ind., plant worth \$60,000 for stock in the Paducah company. I will securely pledge all stock taken and will redeem it if the purchaser is not satisfied within two years."

"The Paducah plant can handle the shipments to St. Louis, Memphis, Nashville, Louisville, Cincinnati and clear to the gulf. We can furnish

equipment for plants to cities in the far north, east and west and accept a royalty for the patent. In this way our product can be spread in competition all over the states. The patent rights have been covered even in Canada."

Mr. Holland has organized a company in Lebanon, Ind., and other Indiana towns are clamoring for plants. It was only after an investigation, he explained, that he learned of Paducah's unexcelled location, the scrap iron supply being inexhaustible, that he decided to come here. He will meet business men today and will meet the Commercial club this week to explain details of his plans.

## Odd Caprice of Cupid is Fulfilled Across River

Just as soon as they were of legal age Leslie G. Roach, of Brewers, Marshall county, and Horace Bedwell, of Farmington, Graves county, chums from boyhood, whose sisters are also chums, and just of age, took each other's sister to wife. "Squire Thomas Liggett of Metropolis, the Dick Fowler and the Cowling, playing important parts in consummating this most remarkable intermingling of romances. The young men are 21 and their sisters are 18. They have all grown up together and not only was there

affection between the two boys and between the two girls, but affinity between the youths and the maids. They have done their courting as a quartet, and now Bessie Roach, nee Bedwell, goes to Brewers to live, and Effie Bedwell, nee Roach, goes to Farmington to live. The couples came to Paducah yesterday morning and went to Metropolis on the Dick Fowler returning to Paducah on the Cowling after "Squire Liggett had performed the ceremony. "Fair exchange is no robbery," commented the "Squire on the double match.

## PITTSBURG HAS GOOD GRAFTERS

One Witness Tells of Being  
Held Up For Seventy Thousand Dollars by Members of  
Common Council

MORE EXPOSURES ARE COMING.

Pittsburg, Pa., April 23.—President C. C. Cameron, of the Pittsburg and Tube City railroad, today told under oath how he was held up for \$70,000 by the graft combine which controls both branches of the city council and how finally \$10,000 disappeared from his pocket while he was in the company of

Common Councilman William A. Martin. Martin, Cameron declared, was the collector for the combine. Before leaving the stand Cameron said he has in his possession a list of the councilmen who were to have divided the \$70,000 boodle fund for which they were to have passed the franchise ordinance of the railroad. This list he promises to produce when the hearings are resumed tomorrow.

The sensational testimony of President Cameron has created the greatest sensation of years in this city. Attorney John Marion, special counsel for Mayor Guthrie, in the prosecution of the graft cases, today declares that before he is through there will be a considerable reduction in the present number of councilmen who are at liberty.

## BROADWAY WORK IS LONG WAY OFF

Depends on Date Set For Sewer Connection

Light Company Making Connections and Sewer Lateral Will Soon Be Built.

PAVING MUST BE POSTPONED.

Haste is being made by the Paducah Light and Power company to get gas connections into the residences on Broadway between Ninth and Eleventh streets in anticipation of the public improvements on that thoroughfare, and pipes are being run into the yards on the north side of the street today. The other side will be torn up next.

The contractors were given until July to complete the construction of sewer district, No. 2. A lateral will be run down Broadway from Twelfth street to Ninth street, and then connections will have to be made before the paving is done between Ninth and Eleventh streets. This probably will defer the paving until the latter part of the summer.

It is proposed to bring in an ordinance compelling people to make sewer connections, in which event they will be given until a certain date to complete connections. The fixing of this date will determine whether or not the paving of Broadway will be done this summer or next. Postponement until freezing weather will put an end to prospects for a year.

### Daily Thought.

You must give the world full pos-  
session of some old ideals before you  
can have a new earth.

### JUST PLAIN POLITICS.

"I have grown up here in Paducah  
and with pride I have seen the place  
grow from a village to a happy,  
prosperous city," says Col. Charles  
Reed in his letter of withdrawal  
from the race for the Democratic  
nomination for mayor, and he might  
have added that no man has done  
more to promote that growth and no  
man has been more closely identified  
with the development of Paducah  
than has Colonel Reed.

Not only has Colonel Reed been a  
progressive son of Paducah, but he  
has been a favorite son. Today, as  
when he entered public life years ago,  
he is one of the most popular men in  
the city. His popularity, like that of  
the incumbent of the mayor's chair,  
is of the kind purely personal, and  
he has never been found lacking in  
qualification to fill whatever positions  
of honor and trust have been thrust  
upon him. Loyalty is one of his at-  
tributes, and his party loyalty is  
both his strength and his weakness.

Possessing these rare qualities, he  
was almost forced into the race to  
head the Democratic ticket, to meet  
a political exigency, and we venture  
the opinion that writing that letter  
of withdrawal from the race  
more nearly conformed to his  
personal inclination than any act  
since he paid his entry fee.

We have no doubt that Colonel  
Charles Reed has as many friends to-  
day as he had when he was elected  
mayor, but the fight now on in the  
Democratic party in Paducah is the

kind in which friendship counts for  
little. It is just a straight out fight  
of the county machine against the  
city machine and the county ma-  
chine has proven the stronger and  
swallowed the city machine.

If the school board feels that it  
can afford to pay two salaries to su-  
perintendents during the month of  
August in order that Superintendent-  
elect Carnegie may get used to his  
new duties the sooner, citizens will  
not complain, considering that a mi-  
nor matter well within the discretion  
of the trustees; but the board should  
make its position clear and not al-  
low its action to embarrass either  
outgoing or the incoming superintend-  
ent, particularly the latter, who  
must abide with us indefinitely, and  
should be allowed to inaugurate his  
term under the most auspicious con-  
ditions possible. If Superintendent-  
elect Carnegie comes in and finds  
Superintendent Lieb still in office  
there will be little gained by the mul-  
tiplicity of superintendents and salar-  
ies. Now, Superintendent Lieb is  
entitled to a vacation. Why would it  
not be the proper thing, for the  
school board to grant him a month's  
leave of absence commencing August  
1? We have no doubt this would be  
satisfactory to Superintendent Lieb,  
and the board recognizes his right to  
the office for that month by allowing  
his salary. Superintendent-elect Car-  
negie could not be expected to ac-  
quiesce in such a complicated situa-  
tion, nor do we believe the trustees  
would wish to embarrass him so.

Why should the commissioning  
of internal revenue be taken away  
from Kentucky? The far southern  
states are hopelessly Democratic.  
New York, Ohio, Pennsylvania and  
Illinois have all the patronage that  
is coming to them. Kentucky has  
more Republican voters than any  
state in New England. She is a  
doubtful state, if there is one in the  
union, and she is more likely to  
enter the Republican list permanent-  
ly than is Missouri. She is the only  
state that increased her Republican  
representation in congress at the last  
general election, and conditions in-  
dicate more than a possibility of her  
sending a Republican delegation to  
the electoral college in 1908. The  
administration could do nothing  
more beneficial to a strictly parti-  
san point of view than to give Ken-  
tucky some of the plums. She has  
few enough of her sons in Washing-  
ton. It would encourage the work-  
ers and solidify the party sentiment  
and pride in the state to recognize  
men of ability in Kentucky; and it  
is equally true, that taking away  
what little recognition the state pos-  
sesses would discourage Kentucky  
Republicans just when their hopes  
are highest.

Congressman Wadsworth, of New  
York, conceived the idea from read-  
ing the New York papers that Presi-  
dent Roosevelt had fallen out with  
his countrymen. So he proceeded to  
make himself notorious by openly re-  
pudiating the administration. He  
succeeded; but now it occurs to  
him that his son is a candidate for  
speaker of the New York legislature,  
and Congressman Wadsworth is as-  
suaging his own appetite for notoriety  
by eating his own words.

Under the caption "Have None but  
Democrats On Guard," the Demo-  
cratic Organ—so-called—resorts to  
its old trick of attacking candidates  
for nomination at its own primary.  
The D. O.'s own record for party regu-  
larity is so inconsistent, that its  
admonition may well give pause for  
the inquiry, by what standards does  
it judge a Democrat?

And, now, after we have kept open  
our windows at night, and fairly  
wallowed in the sunshine all day, in  
the hope of discouraging too active  
operations of germs on our vital or-  
gans, some fool scientist arises to  
tell us that light rays kill the proto-  
plasm and produce tuberculosis.

### IN HUMOROUS VEIN.

time in life?" "That is as old as Adam

worst of it."—Cleveland Plain Dealer.

### SPLENDID TO USE.

This is the month to rid the  
system of Blood disorders of all  
kinds, of which Rheumatism is  
the most prevalent symptom and  
hardest to overcome during the  
winter months, when the Kid-  
neys have failed to filter out the  
uric acid and other waste mat-  
ter.

A well-known authority writes  
that the worst forms of Rheuma-  
tism, Blood disorders, also Kid-  
ney and Bladder weakness are  
often readily relieved and pre-  
vented during an entire year by  
taking for a little while one tea-  
spoonful of the following mixture  
after meals and at bedtime, viz.:  
Fluid Extract Dandelion, one-  
half ounce; Compound Kargon, one  
ounce; Compound Syrup Sar-  
saparilla, three ounces.

A local druggist states that  
these are harmless ingredients,  
which any good prescription  
pharmacy can supply and anyone  
can easily mix them at home by  
shaking in a bottle.

It is said by many of the old  
folks that the above mixture, if  
taken during this month, will  
add years to life and prevent  
many a sick and miserable day  
during the year.

## PLEASED

IS TAFT WITH CONDITIONS HE  
FOUND IN CUBA.

Secretary of War Returns From  
Month's Sojourn in Antilles and  
Panama.

Washington, April 22.—Secretary  
of War Taft and party arrived at the  
Washington navy yard on board the  
Mayflower last night after an ab-  
sence of one month on a trip that  
included Panama, Cuba and Porto  
Rico.

Secretary Taft says he found mat-  
ters in Cuba "in what, under the cir-  
cumstances, must be considered a  
very satisfactory condition."

That there is every ground for  
hope that the plan adopted for a cen-  
sus, preliminary election and then a  
general election, six months later,  
will result in the selection of a presi-  
dent and congress who will be able  
to maintain it themselves and give  
stable rule to the island he says; and  
that the delay in taking the census  
is taken by Cubans as the earnest-  
ness of the American government's  
desire to secure a stable government  
before it leaves "so there shall be no  
excuse for a second intervention."

He says that in Panama engineers  
report to him that foundations for  
sites of locks were fairly satisfac-  
tory.

after landing nine prisoners in the  
penitentiary. They experienced no  
trouble with the prisoners.

## Our \$10 to \$15 Suits.

You won't find poor goods  
at any price at The New Store.  
We have cheap clothes, but  
they are good clothes. Some  
merchants you know get  
mixed on this point and apply  
poor goods to those who want  
cheap goods.

Our suits at \$10, \$12.50  
and \$15 are a point in our  
illustration. They are cheap  
clothes, but they are the very  
best values the prices will buy  
anywhere.

You will be very much sur-  
prised at the splendid values  
we give at these popular  
prices, and the great range  
of patterns and fabrics. Come  
in and slip on a suit or two  
and demonstrate it. You  
won't be urged to buy.

## MRS. HOUSEMAN

DIES AFTER LINGERING ILLNESS  
OF PARALYSIS.

Native of North Carolina and Ear-  
nest Christian Worker in  
Methodist Church.

Mrs. Cecelia Houseman, 84 years  
old, died yesterday afternoon at 4  
o'clock at the residence of her  
daughter, Mrs. W. N. Clark, 729 Go-  
ebel avenue, after a lingering illness  
of paralysis. She was born in North  
Carolina and moved to this section  
of Kentucky when 12 years old. She  
was the widow of the late E. S. House-  
man, and during her lifetime was a  
constant church worker, being a  
member of the Third Street Metho-  
dist church. She leaves six daughters  
and one son as follows: Mesdames  
Bud Quarles, Adolph James, Sterling  
Price, W. N. Clark, George Jones and  
Ivan Ford, and Mr. Thomas House-  
man, all of Paducah, except Mes-  
dames Jones and Ford. The funeral  
services were held this afternoon at  
2 o'clock at the Christian chapel on  
Goebel avenue, the Rev. George W.  
Banks, of the Trimble Street Metho-  
dist Episcopal church, conducting the  
services. Burial was in Oak Grove  
cemetery.

Mrs. Thompson's Sister.

Mrs. Calvin M. Thompson, wife  
of the pastor of the First Baptist  
church last night received a tele-  
gram announcing the death of her  
sister, Mrs. James Ensell, at Rey-  
noldsville, Pa., yesterday afternoon  
of heart trouble, from which she had  
been suffering for several months.  
She was 54 years old, was born in  
Covington, Ky. She had been living  
in Reynoldsville four years. Her hus-  
band operated the Burns House, a  
prominent hotel, in that city. Be-  
sides her husband she is survived by  
a mother, Mrs. John Morrison, of  
Newark, O., and a son; also three  
brothers and one sister, Mrs. Thomp-  
son, of this city. The funeral will be  
held tomorrow, burial in the  
cemetery at Reynoldsville. Mrs.  
Thompson on account of the great  
distance will be unable to attend.

Mr. Felix Walters.

Mr. Felix Walters, 63 years old,  
died at his home in Bandana Friday,  
April 19, of general debility and was  
buried in the Brewster cemetery. He  
leaves, besides his wife, two broth-  
ers and one sister, and no children. Mr.  
Flavius Walters, of Bowling Green,  
attended the funeral.

LIGHTING PLANT COMMITTEE

Will Consider Plans For County  
Work Tomorrow.

Chairman C. W. Emery, of the  
committee appointed by the fiscal  
court to outline plans and secure  
prices and recommendations for in-  
stalling a private light, water and  
steam heating plant at the court  
house, will call a meeting of the com-  
mittee tomorrow.

"What seems to be the favorite  
plan is to dig a well on the outside  
of the building and run pipes to the  
cupola where a large tank may be  
built," Magistrate Emery explained.  
"Boilers could be placed in the base-  
ment to furnish steam heat for our  
building and electric dynamos."

Adjourns Until August 5.

Guthrie, Okla., April 23.—The  
constitutional convention today ad-  
journed until August 5, or at the call  
of the president. Election ordinance  
was adopted today.

—When "looking for help" you will  
need the help of a "help wanted" ad.

HEALTH AND HAPPINESS.

"Life consists not in living, but in  
enjoying health."

We could all enjoy health if we  
conformed to Nature's simple laws.  
Disease is merely a result of the non-  
observance of those laws, either by  
negligence, accident or ignorance.  
These reasons are, as a rule, of lit-  
tle consequence after disease be-  
comes manifest, and properly diag-  
nosed. It is the nature of the treat-  
ment and the results obtained that  
concern you.

Nature is the ever present factor  
in the cure of disease. The Osteo-  
path appreciates this fact, and uses  
all means that are natural, recog-  
nizing and using diet, air, water, ex-  
ercise and other hygienic measures  
as natural assistants to scientific ma-  
nipulations to secure normality to  
any and all structure disturbances.

I should be pleased to refer you, at  
any time, to Paducah people you  
know well who can attest to what  
Osteopathy has done for them in  
cases of rheumatism, asthma, neural-  
gia, nervousness, stomach, liver, and  
bowel troubles, eczema, sick head-  
aches, is grippe conditions, malaria,  
lumbago, disturbed blood conditions.

If you are ill you owe it to your-  
self to investigate Osteopathy.

## UNDER LOG

JAMES STICE WOULD HAVE  
BEEN CRUSHED TO DEATH.

Prompt Efforts of Fellow Laborers  
Save Him From Terrible Fate  
—Leg Broken.

James Stice employed in the log  
yards of the Paducah Box and Bas-  
ket company, on Fourteenth and  
Caldwell streets, was saved from  
probable death under a rolling log  
by the prompt action of laborers this  
morning shortly after 9 o'clock at  
the yards and escaped with a frac-  
ture of his upper right leg. Stice  
was assisting in rolling a log in po-  
sition for sawing when it got away  
and knocked him down. His right  
leg was caught and the heavy log  
rolling down hill started over his  
prostrated form. His companions  
stayed its progress and rolled it off  
the unfortunate man. The injury was  
temporarily dressed by Dr. J. D.  
Robertson at the mill. Stice was la-  
ter conveyed home in the Mattil-Er-  
finger ambulance. He resides on Kin-  
caid avenue.

TRIES TO SAVE SON.

President's Fight With Father Reacts  
on New York Speaker.

Albany, April 23.—Alarmed at the  
proportions of the movement in west-  
ern New York to wipe out the wad-  
sworth machine, James W. Wadsworth  
Sr., returned to this city today to  
hold a conference with his son, the  
speaker of the assembly. The elder  
Mr. Wadsworth is now bent on try-  
ing to save the position of assembly-  
man for his son, so that he may be  
re-elected speaker next year.

The young speaker is being kept  
busy with his duties here and cannot  
be on the ground in Livingston coun-  
ty to fight the movement of the anti-  
Wadsworth camp to run a candidate  
against him for the assembly next  
fall. That movement has been given  
special impetus since President  
Roosevelt's latest attack on the elder  
Wadsworth by removing "Archie"  
Sanders as collector of internal reve-  
nue for the western district of New  
York. Public sentiment in Living-  
ston county is with Mr. Roosevelt,  
just as it is in the remainder of the  
state.

He has no power with men who  
have no patience with children.

## THEATRICAL NOTES

"The Tide of Life."

The Blunkall-Atwood company be-  
gan a week's engagement at the Ken-  
tucky last night in the comedy  
drama "The Tide of Life." The play  
is a sensational one and greatly  
pleased a large audience. Ervin  
Blunkall, the leading man, gave an  
excellent interpretation of the dual  
role Tow Daly and George Dalton.  
Carl Berch as the "Judge," Walter  
Hammett as McNamara, Miss Atwood  
as Nora O'Dowd, Miss Kilduff as  
Constance, and Miss Shaw as Mary  
Logan, each gave a strong impres-  
sion of their respective parts. To-  
night the "Bush Ranger," an Eng-  
lish society drama, will be the at-  
traction. "East Lynne" will be pro-  
duced for the matinee Saturday.

COLORED PRISONER PAYS  
PENALTY OF WIFE MURDER.

Washington, April 23.—Expiating  
the crime of wife murder, William  
Burge, colored, was hanged in the  
United States jail today, more than  
four years after the commission  
of the crime. Burge shot his wife be-  
cause she refused to live with him.  
Appeals to higher courts and finally  
to the president delayed the execu-  
tion until today.

Sioux Paid for Being Good.

Washington, April 23.—The United  
States court of claims today ren-  
dered a judgment in favor of the In-  
dian members of the Sisseton and Wah-  
peton bands of Sioux Indians and  
against the government for \$788,971.  
The claims were based on the treaty  
of July 23, 1851, by the terms of  
which the government agreed to pay  
these Indians \$305,000 and an an-  
nuity of \$73,000 for 50 years. Pay-  
ments were regularly made until  
1863.

## WHERE TO BUY REAL ESTATE

THAT real estate is a firm foundation and a sure stepping  
stone to success for those who buy advisedly is gen-  
erally conceded. The natural advance in the price of real  
estate all over the country has realized for the average pur-  
chaser a good rate of interest on his money. Statistics show  
that during the years 1901-1905 real estate values all over the  
United States have shown a general increase of 33 1-3 per  
cent., but in Paducah, where only seven years ago the popu-  
lation was 19,000 and today 30,000, real estate investments  
have not only been satisfactory, but very profitable. This  
fact is too evident to require lengthy comment, but we wish  
to add this: The Hollins Agency has associated with it no  
man or company to take up all the good things that come  
along. We depend solely upon commissions for revenue.  
We do not bid in our own goods, but offer them to the pub-  
lic, thus giving our clients better opportunities for invest-  
ments than we could give them if we were active buyers in-  
stead of brokers only. This fact is well worth the considera-  
tion of the investor. When you are in search of an invest-  
ment, why not come to HOLLINS and get first choice of  
the real estate offers?

## RUN HER INTO RIVER.

Good Idea, Said Youngster When Engine Gets Too Hot.

A well known Illinois Central employee while a switch engineer in Paducah yards lost control of his engine by a defect in the air apparatus, and it ran off the incline into the Ohio river. He recently studied the book of rules preparatory to examinations for engineer on the road. His wife reviewed him in the questions and his six-year-old son was sitting near.

"What would you do in case your engine got too hot?" was the question that attracted the juvenile, and before the father could answer the son eagerly replied.

"Why, run her into the river again, dad."

## Will Flat Exonerated.

Will Flat, colored, was yesterday afternoon during a special session of police court, dismissed of the charge of grand larceny. He was accused of stealing rugs from the Illinois Central transfer boat Duncan, but the crew failed to make out a case against him. Flat claimed he got the rug from the Harvester fleet several days before.

## TYLENE WILCOX

POPULAR YOUNG WOMAN OF KUTTAWA DIES TODAY.

Well Known in Paducah—Where She Frequently Visited—Congestion of the Brain.

Miss Tylene Wilcox, 19 years old, one of the most popular young women of Kuttawa, Lyon county, died this morning at 6:40 o'clock at her home of congestion of the brain after a brief illness. She often visited in Paducah, being the guest of the Misses Rice, of Seventh and Clark streets. She was for four years chief operator at the Cumberland telephone exchange at Kuttawa. She leaves a father, Mr. R. C. Wilcox; a mother, five sisters and two brothers. Miss Dorothy Wilcox, her youngest sister, was a recent visitor in Paducah. The funeral will take place at Kuttawa Thursday afternoon.

## LOSES \$300,000 IN PAPERS

Senator W. A. Clark Fails to Discover Absence of Wallet.

Trinidad, Colo., April 23.—On his recent visit here to inspect his coal properties Senator W. A. Clark of Montana lost a large wallet containing deeds to coal lands and water rights valued at \$300,000. It is believed the wallet was lost in Los Animas river at the time the senator narrowly escaped drowning by the upsetting of his carriage while fording the stream. In the excitement the loss was not discovered until several days later.

## LIFTS BAN ON BOXING.

Mayor Busse Will Stand For Bouts if No Decisions Are Rendered.

Chicago, April 23.—Boxing is to be resumed in Chicago again, under certain restrictions, after being under the ban for over two years. When elected Mayor Busse stated he was in favor of boxing if it could be carried on under certain regulations. One of the chief objections he had to the sport was the rendering of decisions by a referee, thus making it possible to wager money by results.

## PEOPLE AND SOCIAL EVENTS

### Pleasant Family Reunion.

A family reunion was held at the home of Miss Varble McCawley at Metropolis Sunday. Those in attendance were: Mr. J. R. Cosby, Paducah; Mrs. Jennie Caldwell, St. Louis; Mrs. H. G. Cosby and son, Bernard Cosby, Mrs. Ada Thompson and children, Roy and Almada Cosby; Mr. and Mrs. Hemphill, Misses Mamie, Oeta, Virgie and Andrew McCawley, of Metropolis; Mr. Fred Dwyer and Roy Standburg. A pleasant day was spent.

### Rehearsals For "Traveling Man."

There is nothing halting or lagging about "The Traveling Man," even the rehearsals are moving apace, and in the spirit and life of breezy musical motion. Scheduled to arrive here on May 10, he will make his appearance on time and necessarily there will have to be much "doing." Those having the affair in charge: Mrs. George C. Wallace general manager with Mrs. Cook Husbands assistant; Mrs. James Wellie chairman of program committee with Miss Kathleen Whitefield assistant; Mrs. Edmund M. Post, official chaperone; Mrs. Roy McKinney, chairman of the ticket committee, and Miss Elizabeth Sinnott, treasurer, are pushing every detail of their work. Mr. Woolfolk is delighted with the spirit and ability of the choruses, and the progress that is being made.

The rehearsals will be held from now on at the former Knights of Pythias hall in the Campbell building on Broadway and for Tuesday and Wednesday will be as follows: Tuesday—4 p. m. "The Village Belles" and "The Upper Ten." At 8 p. m. "The Pony Chorus." At 8 p. m. Cast rehearsal.

Wednesday—4 p. m. "Pony Chorus." At 5:30 p. m. Cast. At 7:30 p. m. the men's chorus and girl's chorus.

After today the Pony chorus will meet every afternoon at 4 o'clock, with the exception of Saturdays when the rehearsals will be at 2 p. m.

## IN THE COURTS

### Circuit Court.

There was little done in circuit court this morning. Judge Reed consumed two hours in setting cases and hearing arguments to deummers. No judgments were entered and court adjourned at 10:30 o'clock.

The case of William Reed against Mrs. Fannie Kahn was dismissed.

The demurrer in the case of the National Surety company against Olive camp, No. 2, W. O. W., was sustained and the petitioners given leave to amend.

The case of the St. Louis Jewelry company against C. N. Baker was dismissed.

This afternoon a judgment for divorce was filed for Rachael Calhoun against Albert Calhoun, in which a house and lot at 1022 Husbands street was awarded to the plaintiff. The defendant is made to stand all costs, including the attorney fees.

### In Bankruptcy.

E. W. Bagby, referee in bankruptcy, has decided that "material liens" have priority over other classes of liens in the E. Rehkopf Saddlery company case. There are about \$25,000 in "material liens" filed. Referee Bagby decided that liens do not have to be filed in county court within 60 days after the act of bankruptcy, the same decision made by the circuit court of appeals at Cincinnati sustaining Federal Judge Cochran, of the eastern district of Kentucky. A trustee is elected and takes charge of all property and claims may be filed at any time. After these liens are paid only 30 cents on the dollar remains to be distributed among other creditors.

In the E. Rehkopf bankruptcy case the fee of \$2,000 to Attorneys Crice & Ross and Campbell was allowed.

In the Max J. Michelson bankruptcy matter a fee of \$300 filed by Attorney Tom Harrison was reduced to \$200 and allowed.

Referee E. W. Bagby is this afternoon hearing argument in the claim of the First National bank against the E. Rehkopf Saddlery company for \$19,000 as "supplies."

Several cases in federal court have been decided in accordance with the contention of the bank, but attorneys say they can show in other states where such claims were dismissed.

Depositions of E. Rehkopf and Miss Mary Donigan in the E. Rehkopf bankruptcy case, have been sent to the referee by the clerk of the federal court at Louisville.

### Where Fines Go.

The financial report of the April term of McCracken criminal court show the following distribution of \$2,349.10, collected in fines and forfeitures: Commonwealth's Attorney Alben Barkley, \$587, and state \$281.89.

### Deeds Filed.

C. H. Chamblin to the Paducah Brick and Tile company, property at Tenth and Bachman streets, \$1 and other considerations.

Frank Levin to Porter Brown, property in the Norton addition, \$175.

### County Court.

RED CLOUD, OLD, SAYS GOOD BY

Indian Warrior, Believing Death Near, Makes Appeal to People. Omaha, April 23.—Realizing that the time of his departure for the happy hunting grounds is approaching, old Red Cloud, famous chief of the Sioux Indians, has issued as a farewell message an appeal to the white people to be good to the Indians.

The noted warrior has long since become peaceable. While he still wears his beads and his feathers, he now bears a friendly feeling toward his former foes.

Red Cloud is more than 90 years of age and blind.

## CHARITY CLUB BUILDING HOME FOR UNFORTUNATE

Efforts are being made by the Charity club to provide a home for Mrs. Bettie Hagardorn a widow woman, whose house in the rear of Huntington Row, was burned. The house will be a cheap two-room affair, and a subscription paper is being circulated for her benefit.

## S.S.S. HEALS OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal. ## "MOVE ON"

SAYS PATROLMAN CLARK IN MOST POLITE MANNER.

Unpleasant Duty To Order Ladies Around, But Ordinance Is To Blame.

Patrolman—James Clark, one of the most polite-officers on the force, has a job which he finds unpleasant in one respect. He has to enforce the "move on" ordinance at Fourth street and Broadway, and finds that

many persons blame him instead of the ordinance.

"I would like to have the people, especially the ladies who often look daggers at me when I ask them to please step aside, to understand that I am enforcing the ordinance and have no personal feeling in the matter," he said. "It is annoying some times to have to make the ladies move, and some times I receive pretty hard cuts."

Patrolman Clark, however, always does his duty in the most pleasant manner, and has proven satisfactory.

It will do no harm to remember that the men in front never has any kick about the dustiness of the road.

## Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers of this and other countries. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them, and, in confirmation of this conviction, he points with pride to the most marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify the blood. Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad germs and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of enthralling pelvic drains, painful periods, irregularities, prolapsus

and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Nursing mothers and over-burdened women in all stations of life, whose vigor and vitality may have been undermined and broken down by over-exercising, social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, prolapsus, antevulsion, or retroversion, or other displacements of womanly organs, from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully, and fairly persistently, Dr. Pierce's Favorite Prescription.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

## MILK DEALERS

MUST KEEP DAIRIES IN SANITARY CONDITION SAYS BOARD.

Violations of Sanitary Laws Will Be Summarily Dealt With in the Future.

At a meeting of the board of health last evening an order was issued directing milk dealers doing business in Paducah to appear before the board Saturday morning at 10 o'clock for a conference looking toward bettering sanitary conditions at dairies. Complaint has been made against certain dairies, and the board desires to have a general cleaning up of all dairies this spring.

Acting on reports that swine are kept penned up inside the city limits, the board directed an investigation and warrants to be issued against any one found guilty of violating the law.

Now that spring is here time for cleaning up of the city has arrived, and a conference was asked with the sanitary committees of both boards of the general council regarding the flushing of gutters all over the city.

"I'll sue the scoundrel!" exclaimed Algy in a terrible rage. "He calls me a blithering idiot!" "I wouldn't pay any attention to it," counseled Percy. "Blithering doesn't really mean anything, you know."—Chicago Tribune.

## Strange Romance of Bandit Chief Who Came to America as a Stoker

New York, April 23.—A police raid on an obscure resort in the underground world of the east side has brought to light the romantic story of an Italian bandit, a fantastic Neapolitan robber of great secret power, who, fleeing from his native country to escape arrest for assassination, came to America to wield the same power which was his abroad. The man is Enrico Alfano, called "Erricone," the head of the mysterious "Cammeristi di Napoli," or Camorra, an Italian organization of terrorists.

When the police raided an east side den one night last week, Alfano was discovered crouching in a corner seeking to escape the glare of the policeman's lantern. He has been held without bail until tomorrow, on the charge of murder, but unless the necessary requisition papers have arrived from Italy, or some strong representations are made from Rome to the government at Washington, it seems likely he will be given his freedom.

Death was the punishment inflicted on one Cuocolo, a pretender to the position of ruler of the Cammeristi, and Alfano is declared to be the slayer of his rival. The pretender was found to a forest near Naples, where he was stabbed to death, it is claimed by Alfano and his conspirators. Then the wife of Cuocolo was condemned. Alfano and his men called at Cuocolo's home and when the wife opened the door she was stabbed, her body being pierced by a dozen slender shafts of steel.

The assassinations spurred the gen darme of Naples to extraordinary activity and Alfano and the conspirators always protected by far-reaching Camorra, seemed immune from prosecution. Indeed, he was held by the populace as a demigod, possessed of mystic powers, free to roam at will, unharmed because enveloped with some divine authority, invulnerable as to bullets, and impossible capture.

With its stronghold at Naples the Camorra stretched out in all directions, carrying on systematic terrorism, robberies, blackmail and other forms of crime, a huge and fine-spun web to enmesh many victims which was directed always by Alfano, and which always safeguarded him from misadventure. Then suddenly Alfano disappeared.

The scene changed quickly to America, and the Italian settlement of New York. The Camorra, like the Mafia, thrived and was feared here, too, because of the sinister machinations, which baffled the ordinary police and even the Italian detectives. By the New York Camorra the chief was greeted with many honors. A feast was prepared in recognition of the coming of the leader, and Alfano was banqueted at the Palazzo. But this feast was his undoing. He was seized upon by a follower of the murdered pretender, and the word was

## SHORT TALKS BY L. T. COOPER.

### LIVER TROUBLE.

A dull, sluggish liver always brings a dull, sluggish feeling to the entire body. When the liver works properly, the blood courses through the body in a bright red stream. When the liver is inactive the blood becomes dull and muddy, and it is full of poisonous matter.

A great many people try to get a fine, clear, pink and white complexion by rubbing their faces out with soap. They might rub a life time and the same yellow complexion would remain for the liver causes it. Only bright, red blood brings fine complexions. Blood loaded with impurities from the liver sends the impurities out through the pores of the skin and turns the skin a brownish yellow.

To get rid of the dull, heavy feeling and muddy, yellow complexion get the liver to working again. Two bottles of Cooper's New Discovery will do this nine times out of ten, though sometimes it takes four or five bottles.

Here's what a man who tried it says: "My health has been poor for several years. My face was yellow and covered with pimples. I was bothered constantly with chronic constipation, had little or no appetite and could not sleep well at night. I became weak and lost all ambition. I tried many different medicines but nothing seemed to help me until I began taking Cooper's New Discovery. It seemed to help me at once. Now after I have taken several bottles I feel entirely well. My face is clear, I sleep well, have a good appetite and am quite myself again."

"I am deeply grateful for my restored health." Michael Silk, 24 Kentucky Avenue, Indianapolis, Ind.

FITTING SHOEMEN

In the drama of the rise and fall of nations, said today that sunlight is increasing tuberculosis, insanity and suicide among humanity.

"God's sunlight has credit for more false merits than any other of the many superstitions to which men have fallen victims," he declared. "We recognize the fact that it kills bacteria, but we ignorantly fail to reflect it has just as fatal an effect on the protoplasm which composes the human system. 'God's sunlight' is producing neurasthenia and cardiac feebleness and anemia, is promoting tuberculosis, and increasing insanity and suicide every day not only in the tropics but here in New York. 'God's cloudiness' wherever it is found, the shade of dark houses and trees and awnings, is promoting health, sanity and long life."

### INHERITANCE TAX.

#### And Income Tax Will Be Further Discussed.

Washington, D. C., April 23.—President Roosevelt is determined that the American people shall not forget his plan for taxing inheritances and incomes. To callers at the white house during the last few days he has announced his intention to speak again on this subject at an early date. Inquiry has brought out

the information that he will deliver an address at Jamestown exposition on Georgia day early in June. In preparation therefor the president is collecting data showing the results of the operation of inheritance and income tax laws in England, France and Germany. He intends to reiterate strongly the necessity of curbing "swollen fortunes" by means of a death tax, preferring this to an income tax, though he wants the latter, too.

### OLD-TIME BALL PLAYER DIES IN NEW YORK CITY.

New York, April 23.—"Matt" Hicks, an old-time baseball player, who played with the old New York Mutuals and the Cincinnati Red Stockings, and who is credited with being the first man to catch off the bat, was found dead in a room in a hotel in Hoboken yesterday. Hicks who was the manager of the billiard room at the hotel, was asphyxiated by gas, which had probably been turned on accidentally. He was 60 years old.

## HARMONY WANTED IN ALL BUILDINGS

City Beautiful Idea to be Adhered To

School Houses, It Is Thought, Should Be, at Least, Not Offensive to Eye.

### BOARD MAY TAKE THIS VIEW.

Interest in one line of civic improvement generally is followed by awakened interest in all lines. With the park commissioners preparing to realize a system of parks and boulevards which will add immeasurably to the appearance of the city, signs of an interest in public buildings are appearing, and as two new school buildings are to be erected by the school board this summer, it is being asked why some general idea of harmony in construction, or at least some architectural beauty cannot be incorporated as a beginning in this line of civic improvement. The plans for Washington and every large city now provide for a harmonious development in parks, streets and public buildings. Attention to a general scheme of architectural construction is of later birth than parks, but one that is now recognized as equally important.

Following the directions of the school board, Fred Hoyer, superintendent of buildings, has drawn plans for the new building to be built on the south side, from the specifications of the McKinley building. The McKinley building is absolutely devoid of any artistic appearance, the walls rising sheer and unrelieved from the ground to the roof. As one person remarked who saw it, "I have seen barns more artistic." It is simply a four-walled building without even windows standing out, with no eaves at the roof, and the roof rising ungracefully to unnecessary proportions.

The Washington building on Broadway is a building often complimented by strangers. The Longfellow building is not unattractive and the Franklin building without any frills, presents a good appearance, but the Jefferson building, Lee, Lincoln and Garfield buildings are without distinction. The McKinley building is situated where few strangers ever will see it but the new buildings to be erected will be in thickly settled sections of the city and where visitors in their sight-seeing trips over the city are sure to pass.

Some of the trustees favor relieving the bare walls somewhat, if no more than those of the Franklin building, but others desire to have the McKinley building plans strictly adhered to. The limited finances of the board will prevent anything elaborate, but a square unattractive building could be avoided at little additional expense. Mr. Hoyer, following Superintendent Lieb's suggestions, has changed the interior plans slightly, enlarging the halls and arranging the steps differently. The board has not done anything definite but will approve the plans whenever a site is chosen, in order to get a building completed by September. Mr. Hoyer drew the plans for the McKinley building.

### LUNACY INQUEST.

Suggested For Mrs. Eddy By Her "Next Friends."

Concord, N. H., April 23. The appointment of what amounts practically to a "commission in lunacy" to determine the present mental condition of Mrs. Mary Baker G. Eddy, founder and head of the Christian Science church, has been suggested by attorneys for the plaintiffs in the suit brought by Mrs. Eddy's relatives as "next friends."

The suggestion was contained in a letter sent on March 12 to Mrs. Eddy's counsel general, Frank S. Street, failing to receive any answer, the attorneys for the plaintiffs tonight made the letter public.

## WHAT CONSTITUTES MURDER ?

We seem to be fast approaching a time when we shall have to consider whether it is possible in this country for a man to commit murder. A few days ago two men were acquitted by a Virginia jury, though they had deliberately and knowingly killed, they having acted—so it appears—under the "higher law." A little later a man charged with murder, and proved to have killed, was acquitted by a Missouri jury, the unwritten law again having been invoked. In Indianapolis, not long ago, another killer was freed, his plea having been that he was insane at the time of his action. It is said that the woman in Chicago who, a few weeks ago, killed the man with whom she was in love, will plead insanity. In Nebraska, Frank Brink, who killed his sweetheart was found insane by a commission of experts. Thereupon the judge instructed the jury which brought in a verdict of not guilty. The plea of insanity has been interposed in behalf of a 15-year-old girl who murdered the baby which she had been hired to nurse. From Ohio we get the story of another "brain-storm." One man simply killed another in the old-fashioned way but his friends and lawyers insist that he was the victim of a brain-storm, and was suffering from dementia at the time of the shooting. Finally we have from Maryland the interesting story of the acquittal of a woman who killed her sister "because she was always running after my husband." The theory in this case seems to have been that the slayer did not even know what she was doing.

Here are nine cases of killing in which the slayers were either acquitted or stand a good chance of being

acquitted when brought to trial. And yet in every one of them killing was done. And no doubt, in every one of them the killer knew what he was about. So we think that people may well inquire whether murder is not an obsolete crime in the United States. And yet to say that lack of self-control—which is about all that a brainstorm will amount to—is such insanity as to be a sufficient defense is to put a premium on violence of all kinds. It is the business of men to control themselves; the law expects and demands it of them.

Men who by lawless and disgraceful courses of living have weakened their intellectual and moral natures should not be allowed to plead the weakness which they themselves have created by their own vicious habits. Nor should any more tenderness be shown to those who by indulgence in unrestrained passion and anger have dethroned their will. To accept such pleas is to say to men and women that the law does not demand that they control themselves; that there is no legal obligation on them to do so. Yet at such a time as this men are preaching the doctrine of human irresponsibility, denying that the state has any right to punish for crime, and are waging war on the social order which is the growth of ages and which must be maintained if we are to escape a relapse into barbarism. It is time to think rather of the insulted law, the outraged social order, and the imperiled peace and safety of American communities, than of the lawless, the vicious and degenerate who are at war with all good and helpful forces.—Indianapolis News.

Captain George Sims of St. Louis was in the city yesterday looking at the City of Memphis, of the St. Louis and Tennessee River Packet company, with a view to buying the big boat. No sale has been made yet and Captain James Koger, superintendent here for the line, said this morning that he could authorize no statement to that effect. The Memphis was coasted yesterday and will be carried to St. Louis probably the latter part of this week. With the Clyde back in the Tennessee river trade, the packet company has no immediate use for the Memphis. The Memphis is a fine boat of large carrying capacity and fast.

While rounding into the Mississippi river, the Russell Lord yesterday had a barge to partially sink and the towboat returned to this city after another barge to unload the ties from the sunken barge. The Russell Lord left this morning for the tow and will proceed to St. Louis, after transferring the ties.

Rains now in sufficient quantities to check the fall in the river would be welcome. The stage this morning of 16.5 is as low as it is convenient for the river to go. The fall of only 0.1 in 24 hours is a good sign. April 23 last year the stage was 26.6. Business at the wharf is fair, and the repairing of the gangways makes the handling of freight rather slow as the wagons must come in and go out of one entrance.

The I. N. Hook has returned from a trip after ties to the Cumberland river.

The Harvester left Pittsburg this week for Paducah with a fair tow of coal for the West Kentucky Coal

company, the low stage of the river making it impossible to send a large tow.

The Lyda has arrived from the Cumberland river with a good trip of ties after a long stay up that stream.

The Harth left yesterday for Cairo and Hickman to leave one barge of coal at each point for the West Kentucky Coal company.

Harbor work between Paducah and Brookport is being handled for the Ayer-Lord Tie company now by the dosmer.

No trouble is anticipated in getting the Clyde out on schedule time Wednesday evening for the Tennessee river.

The John Hopkins arrived today from Evansville and returned promptly for the same point.

### As to Giving Up His Seat.

Little Bobby (with his auntie, waiting for a car)—If we're in a car, and the car is crowded, and I've got a seat, and a gentleman gets in the car and has to stand, must I get up and let him have my seat?

Little Bobby's Auntie—Why, of course, Bobby.

Little Bobby (after pondering a moment)—Well, auntie, suppose I am sitting on your lap, will—

Little Bobby's Auntie—Ah! Here's a car, Bobby.

The Dick Fowler cleared for Cairo on time this morning with an average trip of freight and a good passenger trip.

The Buttorff should arrive from Nashville Wednesday and leave for the Clarksville trip.

The Tennessee from Florence to the mouth, not much change during the next 24 hours.

The Mississippi from Chester to Cairo, will continue rising during the next 24 hours.

The Wabash at Mt. Carmel will continue to fall slowly tonight.

This Star Fish Is a Star.

Baltimore, Md., April 23.—Dr. Herbert S. Jennings, associate professor of physiological zoology at Johns Hopkins university, has reported upon his experiments in training starfish to turn somersaults and do other tricks. He found that twelve lessons sufficed to teach star fish what to do so long as the experimenter was near, but in his absence the fish refused to make use of their acquired habits.

With regard to his training experiments Dr. Jennings says: "In righting itself when turned on its back a starfish may use any pair from its five rays to attach itself and then by pulling with this pair it turns a somersault, thus returning to its natural position. In successive

trials different pairs of rays may be used."

### BOY'S FUTURE BRIGHT.

Orphan Lad Will Leave To Be First Class Druggist.

Through the efforts of Jap Toner, secretary of the Charity club, Harrison Spraggs a worthy boy, was secured a good home and position, and Toner will probably be appointed the boy's guardian.

"The boy is exceptionally bright," Mr. Toner stated, "and since his father died six months ago leaving him dependent on himself, he had worked at 75 cents per day and paid his board regularly. He has been living with a family in Mechanicsburg."

Dr. B. B. Breeden, the druggist of Ninth and Trimble streets, took the boy in, gave him a home, and will teach him the druggist business.
